JULY 1986

WHOT: 1628, 5/25, 0250-0355, SIO=323-. Easy to copy signal on peaks, but would fade out here for 5 minutes or more at a time. Crazy music format, ranging from "Ballroom Blitz" and "We Will Rock You" to "Jingle Bell Rock" and Elvis mx. Equally crazy jokes about batteries. Mentioned numerous Memorial weekend bcsts, but only hrd this one. (SMITH,NY) 1630, 5/26, 0301-0414, SIO=211. Jim Nasium & Hank Hayes w/ oldies like "Louie, Louie" & "Sixteen Candles." Phone # given w/ 212 area code. Called the number and got a recording that there was trouble on the line. (YODER,PA) 1620.4, 6/15, 0126-0259+, SIO=111. Stn played oldies and gave a Brooklyn phone # for QSL cards, which I never succeeded in reaching. I called the number on 6/17, and got Jim Nasium, the announcer, who claimed WHOT was not on the air on 6/15, but some unknown stn was rebcsting WHOT. Two anners w/ talk and mx. Very hard to hear, but gave telephone number. I'll need a call to them; they seemed like very friendly folks. They took my name and addr w/ promise of QSL. Said they had lots of old Elvis mx. Even though the signal was poor, I'm glad to have heard them. During the phone call, they said they were NOT the "not the top 40" program on 1616-1618, although they were aware of these bests. (RICHOLSON,VA) 1627, 9/1, 0545-0630+, SIO=141. DJs with very hyper voices taking phone calls for QSL requests or to verify reception. Said they also have an FM smtr. Too bad they don't have an SW outlet; very entertaining. NOVEMBER 1986

WHOT: 1628, 7/5, 0228-0740, SIO=242. Liberty weekend show. Jim Nasium and Pete Sayk up to their usual frantic antics, including going out on the roof to shoot off bottle rockets and Jim broadcasting from the shower. They took a bunch of on-air calls from a 718 number (946-9748). Mx was the normal oldies mix. Several TV themes were tossed in including "The Jetsons", "Green Acres", and "Casper The Friendly Ghost". I counted six different pro-sounding jingles used this xmsn. They told one caller they'd been on since 4:30 local time, still on with QSB sneaking in when I left for work at 0740. Great fun as always. (SMITH,NY) 1630, 7/6, 0319-0444+, SIO=111. Usual slick pgm of 60's mx and phone calls. Called at 0400 and talked to Pete Sake. Promised a QSL in 3 weeks. Tnx to Valko for #. Took calls from listeners at (718) number. Anncr answered my call, he was very friendly and promised to QSL though he noted they were short of funds. On the air, they anncd 1620 1/2 frequency. (RICHOLSON,VA) 1628.8, 1/1, 0717-0737+, SIO=222-111. Taking phone calls, seemed like a simulcast of an FM bcst. Faded out by 0737. (PROVANCE,OH) 1629, 1/1, 0555-0825+. New Year's show with Pete Sake, Jim Nasium & Hank Hayes. Rock oldies and call-ins with callers from Canada. (PYM,DC) 1630, 1/23, 0430-0500+. SIO=233. Heard during the great East Coast snow-in! Live phone calls and rock oldies. (PYM,DC)
