(718) 946-9748 COPYRIGHT 1986 ASBESTO INCORPORATED, BROOKLYN, N.Y USA

Dear WHOT listener,

Thank you for your reception report of
Our studios and offices are located in Brooklyn, New York. We operate on an unassigned frequency of 1620½ kilocycles, with an estimated power output of under 100 watts, emanating from the WHOT tower complex located atop the newly-modernized WHOT office building. We welcome all requests for official WHOT QSL cards, provided they are made during a WHOT test or broadcast. Any requests made during off-hours must be validated by one of our staff members. Requests can be made by calling our toll-number 1-718-946-9748, between the hours of 12:00 noon and 9:00 PM EST. Any requests or offers of WHOT airchecks will be greatly appreciated. Once again, thank you for calling the largest underground broadcast facility on the East Coast-Wonderful WHOT, The New 1620½ AM. We look forward to hearing from you again in the future...

Sincerely,

Hank Hayes
